Dear Mr Coppen

Certificate of Authenticity

At the heart of Porsche is the individuality of our cars. Your Porsche is an original, built using all the principles of engineering craftsmanship, offering an unparalleled driving experience.

The objective of Porsche engineers was always clear: to create a sports car without compromise - one to enjoy on the open road yet still at home on the racetrack. This philosophy has been designed into every Porsche we build. Every trip is an unforgettable pleasure of pure driving exhilaration, one of precise handling, direct response and unmatched performance. The Porsche heritage is born from racing wins, legendary technology and world-class quality.

I am delighted to enclose the Certificate of Authenticity for your Porsche. This unique document details the original factory-installed options of your vehicle, the production completion date, exterior and interior colour codes and date of registration, if available. This can prove to be an essential tool for restoration, resale and for display of your Porsche at Porsche events.

If you have any questions concerning your certificate, please contact Porsche Customer Assistance Centre on 08457 911 911 or customer.assistance@porsche.co.uk

Yours sincerely

Katy Malone
Certificate of Authenticity Specialist
